

EA言語の中のコードも全て書き換わるのでしょうか？

```
if(Trade == false) return;
lots = Lots;
take_profit = TakeProfit;
stop_loss = StopLoss;
signal = 0;
if(iClose(Symbol(), 0, 1)+PipsToPrice(0) > iMA(Symbol(), 0, 20, 0, MODE_EMA, PRICE_CLOSE, 1)+PipsToPrice(0)
  && iOpen(Symbol(), 0, 1)+PipsToPrice(0) < iClose(Symbol(), 0, 1)+PipsToPrice(0)) signal = 1;
if(isConsecutiveEntryLimit == true){
  if(EntryLimitByBars(EntryLimitBars, Magic1) == true) signal = 0;
}
```
